## SHIGEO KATSU

President

Dear Students,

Just a few months ago we celebrated the Fourth Graduation ceremony at Nazarbayev University. As you can well imagine, this was a significant event for everyone in our community. We are proud that many of our graduates plan to continue their studies at highly regarded universities abroad or at our very own Nazarbayev University graduate programs. Many have also been offered jobs at some of the best companies in Kazakhstan.

Eight years ago, and it seems like it was yesterday, students of our first cohort passed through the Nazarbayev University gates for the first time. They were faced with challenges and opportunities that at that time were unknown to them. You will be facing similar challenges and opportunities, but now the academic and administration teams all know better what to expect, so you will have a somewhat easier immersion into NU. As we say, a journey of a thousand miles begins with a single step. You just have made your first step – you have enrolled at Nazarbayev University. This is an important milestone in the long road you will travel on that is called life.

We offer extensive opportunities on campus for you to study and to live, make friends, have fun, engage in sports and other hobbies, and pursue your own goals. The NU campus is growing every single minute. We will present to you our modern classrooms and labs, comfortable dormitories, and many additional facilities that will make your student life easier and more interesting. No one will be bored at Nazarbayev University. However, please focus on your priorities: your priorities are to succeed in your studies, and do so the right way.

We refer to our professors as faculty. Our faculty is like a mini-United Nations and has been assembled for quality instruction and research. Faculty members will introduce you to the world of science and research.

We provide you with comprehensive research experience and exposure to research frontiers throughout your studies. With support of our faculty and researchers, you will be able to participate in multidisciplinary competitions and projects, and contribute to national and international discourse.

I would like to share with you that last year an NU student team won a gold medal in iGEM 2017 competition – a prestigious international undergraduate competition in synthetic biology organized by MIT (Massachusetts Institute of Technology), where the goal was to develop a novel system that utilizes genetically engineered organisms. Similarly, our multidisciplinary team of engineering, science and technology and social sciences students designed and built an energy efficient car under their capstone project and successfully participated in the Shell Eco-Marathon Asia 2018 in Singapore, one of the world's leading energy efficiency competitions. Our gifted project team placed in the Top 20 among 120 student teams in the category "Electro Mobile Prototype Powered by Electric Battery.

As NU students you will learn and you will benefit from the path that others have already discovered – the sky is the limit.

NU has spared no efforts to develop new programs that prepare our students for a career in academics as well as for the global market place. We offer undergraduate programs in the three Schools of Engineering, of Science and Technology, and of Humanities and Social Sciences. Graduate degrees, both Master and Doctoral can be pursued at the above schools and also at the Graduate Schools of Business, Public Policy, Education and School of Medicine, Mining and Geosciences.

You have been admitted here at NU because you have inquisitive and open minds; please stay that way throughout your stay at our university. This is the time to strive for knowledge; and please have fun while doing so.

Let me ask each of you to take to heart the following two concepts. The first is about the values that the NU community stands for. The second refers to the graduate attributes that we expect each of you to acquire during the course of your studies.

First, our university's values are as follows:

- Embracing diversity – integrated into every aspect of education, research and community;
- Equal access to education – regardless of race, religion, gender, physical capacity or socioeconomic status;
- Merit based institution - open to all talented and bright students, faculty, researchers and administrative staff;
- Integrity of teaching, research, administration and student life;
- Professionalism and high ethical principles for students, faculty, researchers and administrative staff;
- Transparency and openness - public accessibility to all aspects of university operations;

Second, NU graduate attributes are as follows:

- Possess an in-depth and sophisticated understanding of their domain of study;
- Be intellectually agile, curious, creative and open-minded;
- Be thoughtful decision makers who know how to involve others;
- Be entrepreneurial, self-propelling and able to create new opportunities;
- Be fluent and nuanced communicators across languages and cultures;
- Be cultured and tolerant citizens of the world;
- Demonstrate high personal integrity;
- Be prepared to take a leading role in the development of their country.

I hope you will enjoy your stay with us, and welcome once again.

SHIGEO KATSU
President

## KADISHA DAIROVA

### Vice President for Student Affairs and International Cooperation

Dear Students,

Welcome to Nazarbayev University!

Since its foundation in 2010, Nazarbayev University has positioned itself as the leader in establishing fresh perspectives in Higher Education, not only in Kazakhstan, but also in the Eurasian region. As a student of Nazarbayev University you have been given the privilege to become a catalyst for your Nation's future – it is a role that you will carry with honor and prestige, resonate throughout this institution and is a quality of every person, who studies, teaches, and works here. Four cohorts of students have graduated Nazarbayev University since 2015: 2616 students, 1814 Bachelor's, 802 Masters' and PhD degree holders. As of now, about 46% of NU graduates with Bachelor's degree of Classes of 2015-2017 have been pursuing further study on Master's and PhD programs in the world's leading universities such as MIT, Oxford, Cambridge, Stanford, etc. More than 44% of Bachelors of Classes 2015 -2017 are employed in consulting, audit, education, science, public sector and national companies in Kazakhstan, as well as abroad. We are very proud of the ambitions and achievements of our graduates, who strive to continue their development in academia and research, as well as for those, who decided to start their professional careers.

In the era of disruptive technologies and globalization skillsets required in labor market are rapidly changing. According to the World Economic Forum Report, 35% of core skills will be absolutely new by 2020. This means that future graduates must be able to adapt and relearn quickly to stay competitive globally and locally. We, as a university, will equip you with skills and knowledge necessary for you to navigate the constantly changing world of work, provide an ongoing career guidance so that you can make the right choice of your future profession, and nurture a lifelong learning culture that will help you throughout your life.

Our academic programs are designed and taught in a way that will foster your creativity, decision making and communication skills – some of those skills that are in high demand as artificial intelligence and automation impact workplaces.

Remember, everything will be new to you: new life, new subjects, new friends, new experiences – fill these years with outstanding, meaningful and inspired experiences and friendship that you will remember and cherish for a lifetime. This year we have so much to offer to our new students. Your professors, your senior peers and all of the Nazarbayev University staff work hard every day to help you take steps forward.

I wish you every success in achieving your goals and objectives, and I hope that you will gain a rewarding experience in your studies and campus life. Last, but not the least, I encourage you to be curious and take advantage of various opportunities that Nazarbayev University offers, and to create your own legacy of excellence upon the successful completion of your studies.

With best wishes,

KADISHA DAIROVA
Vice President for Student Affairs
and International Cooperation

## ILESANMI ADESIDA

Provost

Welcome to Nazarbayev University's official handbook! Hopefully it will serve as a guide for you in navigating the education that combines rigorous academic study and the excitement of discovery with the support of a diverse campus community.

Nazarbayev University is a very young institution, and we are in the process of growing. And we become a more mature with every cohort of our graduates. As our mission states, NU is committed to be a model for higher education reform and modern research in Kazakhstan and to contribute to the establishment of Astana as an international innovation and knowledge hub. So you are already those agents who will be a role model not only for your colleagues and peers, but for the next generations. This is your opportunity to become a leader in your discipline and in the community. I am happy that you have chosen to be a part of our team!

During your time at NU, you will meet so many motivating people and will participate in many interesting events! These years will be the years of personal growth for you as an individual, and different challenges and opportunities will make you even stronger. It is important for you to be always aware of your surroundings; this sense will allow you to navigate the University as easily and comfortable, as possible in order to advance yourself.

NU expects that all students come here for a serious academic purpose and to conduct themselves with high standards of honesty and personal responsibility.

It is advisable that you read all the information in this Handbook, and make reference to it from time to time. Please also check your email and intranet messages regularly to keep track of any changes or updates. The requirements of honesty and integrity are the fundamental principle of independent learning and professional growth. It requires that all members of the community demonstrate due respect for the basic rights of one another. The Student Code of Conduct and Academic Policies and Procedures are extremely important and students are encouraged to take a moment to review these documents in their entirety.

Nazarbayev University was built for you; take all the opportunities that it affords to build a better future for you and the nation.

## VISION:

To give Kazakhstan and the world the scientists, academics, managers and entrepreneurs they need to prosper and develop.

## MISSION:

To be a model for higher education reform and modern research in Kazakhstan and to contribute to the establishment of Astana as an international innovation and knowledge hub.

# OUR STRATEGIC GOALS:

I

## Goal I: Educational reform leadership

To ensure that the lessons of Nazarbayev University's experience are transferred and understood by other universities, schools, and research centers

II

## Goal II: Academic excellence

To achieve Nazarbayev University's mission by developing and maintaining academic excellence

III

## Goal III: Research excellence

To develop a program of world-class research by partnering with the world's best researchers and research institutions

IV

## Goal IV: Creating a model for healthcare services

To establish a healthcare system that will provide a model for healthcare services throughout Kazakhstan

V

## Goal V: Innovation and translating research into production

To become Kazakhstan's main driver of innovation, leading the way for Astana to become a regional hub of innovation

## NU Graduates shall:

- Possess an in-depth and sophisticated understanding of their domain of study.
- Be intellectually agile, curious, creative and open-minded.
- Be thoughtful decision makers who know how to involve others.
- Be entrepreneurial, self-propelling and able to create new opportunities.
- Be fluent and nuanced communicators across languages and cultures.
- Be cultured and tolerant citizens of the world.
- Demonstrate high personal integrity.
- Be prepared to take a leading role in the development of their country.

## START YOUR NU TODAY. TO DO LIST

Read this handbook and get ready to embark upon the great journey ahead that is Nazarbayev University life! Now, these are the quests you will need to accomplish to get your journey going:

1. **Sign the contract, Consent for personal data protection** – This is the very first and important step that you will need to take in order to kickstart your life around here. You will need to find a person responsible for students at your school to sign everything.
2. **Check for medical services and insurance**, Application for accommodation, Military Services (for males only) – in order to be on the safer side (just in case) submit everything listed here. You can get all the information from the same person as above.

3. **Submission of attestat or other diploma** – find the Office of the Registrar in Block 9 and submit your document asap.
4. **Sign application for VISA/ISIC card** – now this is important. You want to receive your stipend, don't you? Then go and find the Bursar's office on the 5th floor of Block C2 and apply for the card.
5. **Get ID card, which is also your Library card** – another very important quest. Without your ID card, you're pretty much helpless. Can't get into your dorm, can't get into the Uni, can't grab a book at the library - can't do much really. So, make sure you receive the ID card from the USM (University Service Management) in Block 22.
6. **Check your login and password** – this is fairly obvious and self-explanatory. Should you have any issues, do not hesitate to talk to the IT guys at NULITS (Nazarbayev University Library and IT Services).
7. **Academic calendar, Classes schedule** – don't be late for class, especially in the beginning of the semester. Check your schedule and, if you are a planning type of person, check out the entire academic calendar. You can do this at your school.
8. **Meet your adviser** – this is serious. Forming a relationship with your adviser helps you get organized and stay on track, while reducing stress and anxiety. This is the person, who will give you answers, tell you where to get the resources and provide support.
9. **Take roommate's contacts** – might be a good idea to write down your roommate's credentials. Just in case. You never know.
10. **Sign up for CAC CareerNet** to register for the career related event, to make an appointment for career advising and get updates on various internships and work-on-campus opportunities to become competitive on the labor market.
11. **Relax!** Enjoy your time at NU!

# YERZHAN MADEMIKHANOV,

## School of Science and Technology, 4th year

*"What makes our NU outstanding is a growing ambition of students who push the limits of what a student can achieve."*

I've started Computer Science degree in 2015 after finishing my Foundation Year program. During the journey until now, I've managed to meet many inspiring people who were students, professors and guests of our university. I am lucky that I was surrounded by ambitious and extraordinary individuals since they motivated me and convinced that everything is possible. I knew the stories of students and guests who participated in international conference, researches, internships, competitions. Being impressed by stories, I've started my own journey in IT. Summer internship at Google was the most memorable part of my career journey. Working at Google and contributing to its products was amazing. The experience at Google awarded me a stronger determination in advancing my career in IT.

I would like to share an observation that may help you to aim and achieve something big.

There are a lot of motivational books written by successful people from all over the world (these books are in every bookshop). I've read such books and they pushed me, but for a short time. During my freshman year, a Googler from New York, Galym came to our university and gave a tech talk and shared his story. I was impressed. I've searched for him at LinkedIn, and surprisingly faced other guys who work at large IT companies. Some of them were from our university. Going through their career profile and getting their personal advice was enough to get long-lasting motivation. That motivation led me to, apparently, an internship at Google UK =). Motivation is more long-lasting if you are motivated by success and story of your peers and friends. But you should not forget that motivation makes you start, and persistence helps to achieve a goal.

## GULDEN TIMUR,

School of Humanities and Social Science, 4th year

For shy and unconfident girl who was separated from her twin sister moving to cold and unfriendly city was very scary. But one look at the campus of the university has changed everything. I understood, that this is a magical place, which is worth all the sacrifices; where you can enjoy freedom of thoughts and actions, make friends and explore brand new world of opportunities. Undoubtedly, I had to go through the long path of mistakes, but after these 5 years I understood the importance of the aspect of love. DO what you genuinely LOVE, beginning from major and ending with the choice of the clubs. It will set fire in your eyes, expand your hidden potential and talents. This university provides a broad range of opportunities, and believe me, there is no better time to shine than now.

For example, deeply inside I always wanted to be an actor - and here I am, playing the main role in self-written drama. If I enjoy singing and sharing positive vibes through music - why don't I go to the Choir? I am fond of everything connected to art, and despite my antipathy of political engagement, I became a club leader and a minister of Student government thereafter. I wasn't afraid of trying, and I advise you the same.

I am endlessly thankful to my university: to my professors, stuff, and student community. I never would be able to imagine my life without these 5 years - experience that has changed my life radically. The people here are the most precious treasure, and (I am sure) never ever will I see the fire like this in the eyes of NU students. They are clever, talented, brave, strive for the progress, and what is more important, always ready to help.

Enjoy your time here. You are here not thanks to pure coincidence -very few people have this opportunity to study here. Use your chance wisely.

## ADILET ABISH,

School of Engineering,
3rd year

*"Our students are the ones, who make our university special."*

I study at the Department of Electrical and Computer Engineering. The interesting thing is that I may not be an engineer in the future, but the university helped me to develop skills in a completely different direction. In my first year, my friends and I opened a student club, dedicated to cover student events by creating various videos and short films. In addition to studying, I currently work in the field of video-production and this year we (me with the team of graduate students) created a production company that is associated with video. And the most interesting thing is that I started working with video shooting at my foundation year and it all started from the same student club. Every year we participated in film festival inside the university and enjoyed a lot during the process of film shooting.

***People.*** I am truly grateful to be here with such people. People in our university are the most versatile and ambitious. I consider it important to surround yourself with interesting people who are constantly developing and inspire you, so you can be constantly challenged to develop. Here you will find new friends, whose friendship will not be limited to the walls of the university. Also, as previously noted, with these people you can even have a business in the future.

The University is a platform for self-development and becoming oneself as a person, and not just to disappear in the library and devote oneself to learning, but study is still important!

The first year is a bit complicated for everyone in terms of the new place and new people, like it was for me. Believe me, this is the beginning of something bigger and provocative. Entering NU, I could not even imagine that aside from the study and science, I was surrounded by the most creative atmosphere with very talented students, who motivate me very much to this day. Join clubs, create them, and find comrades in spirit. There is a great chance that this may later turn into something bigger or even play a bigger role in your life later on.

## SANDRA REAL,

School of Humanities and Social Science,
2nd year graduate

My NU story started in 2017. What started as a dream and a future goal when submitting my application became a reality: the opportunity to become a part of the Nazarbayev University family. I couldn't believe I was going to study in a prestigious university of Kazakhstan. I am so grateful to become the first Mexican female student of many that hopefully will come to join us in the future and work together towards strengthening the relations between Latin America and Kazakhstan. I still think everything is like a dream.

Coming to Kazakhstan was something I dreamed for a long time, I remember myself during my teenage days reading about the culture and cuisine in encyclopedias and gave it a try at the same time to learn the languages spoken in the republic by myself. But of course, I still have lots to learn and everyday my peers, friends and professors teach me new things that make me fall in love more with Kazakhstan! This is truly the lifetime experience I was waiting for, to study in the heart of Eurasia and have access to national archives, libraries, culinary culture and educational resources for learning Kazakh and Russian. Study the MA in Eurasian Studies at a university is a must if you're interested in specializing in the history, literature, archaeology, anthropology, languages, and politics of the region.

Coming to Nazarbayev University was one of the best decisions in my life. The university has awesome facilities, it offers many recreational activities that support the physical and intellectual development of the students, and also it provides the opportunity to access to scholarship programs that support studying or working abroad for one semester if the student is in good academic standing.

The most important part that makes Nazarbayev University a magnificent institution is the talent and human quality of the administrative, faculty members and the students. As a foreign student in the institution, I never felt homesickness because everyone is welcoming, they assist you with whatever issue or concern you may have, and the most important part, they make sure you feel yourself at home.

You'll never have a boring day in the university, because apart of studies you can take part in various extracurricular activities such as learning foreign languages, participating in sports tournaments, debate clubs, assist to movie nights, concerts, excursions, etc. Being a part of the clubs can help students to develop public speaking skills and get initiative in order to overcome challenges and become hard-working members of society.

Don't be afraid to explore´new activities, meet new people and have initiative towards organizing events in company of your peers. This will be able to make your stay at Nazarbayev University the most pleasant experience of your life.

We invite you to become a part of this university, work hard, have fun and make awesome memories with us!

Welcome to Nazarbayev University and enjoy your stay!

# NU SCHOOLS

## NAZARBAYEV UNIVERSITY FOUNDATION YEAR PROGRAM (NUFYP)

| Self-Service Stations in reading rooms: | borrow and return the Library Materials, and manage your Library account |
| Library services: | Check the Library services on the portal library.nu.edu.kz |

**Search the Library's electronic catalog (library.nu.edu.kz) for books, audiobooks, CDs, DVDs and microforms.**

## The Library Collection Includes:

- 188,160 books and ebooks
- 2,894 DVDs, audiobooks, CDs
- 53,746 ejournals
- 7,196 Microforms on Central Asia
- 73 databases, inc. bibliometric, bibliographic and full-text
- 20 print newspapers and magazines in Kazakh, English and Russian
- Citation Management Tools
- Board games

Search the Library resources via the Library portal (library.nu.edu.kz).

**NU Institutional Repository (nur.nu.edu.kz):**

- an electronic archive for accumulation and provision of long-term and reliable open access to scientific research results and intellectual products of the NU academic community. Searching articles, books, presentations, datasets, and theses.

**Interlibrary Loan Access (ILL) (InterLibraryLoan@nu.edu.kz):**

- request articles and book chapters unavailable at the NU Library. Available for NU staff, faculty and graduate students only.

# IT Services & Resources

695 computers for students and faculty members' use in computer labs. Computers are connected to the campus network and the internet.

## Free wi-fi

All campus reading rooms, dining halls, dormitories and classrooms have access to free Wi-Fi. To start using this service you need to select and open the wireless network:

"NU" – password: 1234512345

"NUdormitory" - password: 1234512345

Also, LAN sockets can be used for wired connection in the dormitories.

**This service is chargeable**

For checking and recharging your balance, you need to pass the authorization on my.nu.edu.kz, using type of credentials

## Print system

The system of accounting for text printing and copying. This system allows you to send your documents for printing from any PC in NU, and print them on the copiers located:

- on the 1st floor of 2, 6, 8 blocks;
- on the 1st, 2nd,3nd floor of 5 block;
- on the 2nd floor of C3 block.

## INTERNAL PORTAL

Internal portal (my.nu.edu.kz) is designed for students (Student portal) and employees (Staff portal) of the university. Provides information about services (about shuttle buses, information about dormitories, news and events of students, activities of IT service etc.)

You will need to use your personal username and password which are sent to personal email address specified during registration.

You can change / restore this password via the Password Recovery Service (prs.nu.edu.kz)

If you have any IT related questions, you can contact the IT Help Desk via email at: helpdesk@nu.edu.kz

## MEDIA RESOURCES

Improve Your English by Watching World News Live on TV Portal at tv.nu.edu.kz

## INFORMATION SECURITY

The information on internal documents in the field of information security and additional information can be viewed at:

- my.nu.edu.kz/SERVICES/NU IT Services/Information Security
- dis.nu.edu.kz/index.php/en/documentation/internal-documents/

**Notice:** information security documents are mandatory to read.

NAZARBAYEV UNIVERSITY

# ON CAMPUS

The dormitories at the NU Campus are dormitories where 3300 students from many regions of Kazakhstan and different countries around the world live together.

You are also very welcome to join our big family!

Our enthusiastic and well-trained staff is always available and ready to assist you when you need us.

## Welcome home!

**Quick facts about NU dormitories:**

- NU Housing is managed by “University Service Management” private entity (USM).
- Approximately over 80% of NU students reside on campus.
- There are 7 residential halls (blocks) at NU, and 2 new blocks are coming soon.
- Each residential block has receptionist, block manager and resident assistant.
- Newly admitted students traditionally share their rooms with four roommates. The following year, only merit-based students are transferred to twin rooms.
- Residential equipment, medical office, study rooms, laundry facilities, University Health Center, mini markets, vending machines, beauty salon, sewing, shoe repair, phone repair services and canteens are available in the residential halls.

## WHO DO YOU HAVE TO KNOW?

**Campus Manager (CM)** – is a person who helps students to settle in the dormitory. All accommodation questions and problems must be directed to the CM. CM's main duties are to keep in touch with residents and resolution of their dormitory questions and concerns.

CM holds block meetings, distributes information, helps schedule programs and enforce policies.

**Block manager (BM)** – is a person who helps students accomplish check-in/out procedure. BM is in charge of sanitary and physical condition of the room.

### The Block managers' working hours:

- Monday – Friday: 8.30 a.m. – 5.30 p.m.
- Lunch time: 12.30 p.m. – 1.30 p.m.
- Saturday – Sunday: days-off

**Receptionist** – is a person who sits at the reception and helps students deal with room or dormitory facility problems 24 hours, 7 days a week.

Reception staff is available 24 hours/7 days a week.

**Resident Assistant (RA)** – These are University staff members assigned to each Block. RAs serve as mentors and focus on individual and department goals as they relate to academic, social and community growth.

**Security manager (SM)** – is a person who is in charge of security and security related issues. SM is on duty 24/7 and ready to help students any time.

**Rauza Oralova**

## NON-RESIDENTIAL BLOCKS

**Location**

The main building of Nazarbayev University ranges from Kabanbay Batyr Ave. to Turan ave. Almost all Campus Blocks make a single complex, where people can walk on Skywalks or around the Atrium.

Nazarbayev University's Campus consists of 15 non-residential Blocks, and 1 Block (School of Medicine) located out of the Campus, at Kerey Zhanibek Khandar Str. 5/1.

## Campus life

Here you can find extensive number of helpful and useful facilities, such as library, laboratories, lecture halls, classrooms, conference halls, faculty and staff offices, canteen and cafeterias.

Block 1 is an administrative center and located in the main block of the University, students can apply to administrator for any matter related to the campus.

Block C2 is the new, main block, where the offices of the University management and administration are located, and where various events such as conferences, meetings of different levels, seminars, lectures, etc. are held in the unique, and amazing halls.

Building complex: Schools are based in 6 blocks out of 15; 4 blocks include laboratories and there is a Prototyping center located in the Technopark.

The University life is full of high profile events! Many of them are held in the Atrium and you, our students, can become a part of these bright moments.

## List of responsible persons

Friendly team of block managers, administrators and other staff from USM are available to your requests and offers, and will be glad to assist when needed.

Each non-residential block has a manager who is responsible for its sustainability, administrative and economic efficiency.

### In particular, block managers are responsible for:

- maintenance and appearance of the block;
- provision of information about inner block organization;
- control of general condition of facilities;
- consultation regarding reservation of classrooms and halls;
- helping out with lost or left objects inside the block.

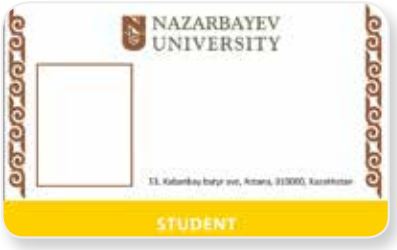
# ID Card

You can use your student ID card to:



- identify yourself on campus and at exams
- borrow materials from the library
- get access to secure buildings
- use it when paying for services provided on campus (printing, sport center etc.)

ID cards are valid for the duration of your course of study at NU (with a maximum of five years). They remain the property of the University and are not transferable.

## New students

You will get an ID card as part of the enrolment process. If for some reason you miss your enrolment day, you can visit the Department of Student Affairs office and we will issue one for you.

## Guests

Guests may enter NU campus by using a National (State) ID card. For details please refer to Dormitory rules.

## Damaged or lost cards

If you have damaged or lost your ID card, you can get a new one from for a fee of 1300 KZT. You will need to pay this fee via internal portal nu.edu.kz

## Report the loss

You'll also need to report the loss to the Library to stop anyone from borrowing books in your name.

For other urgent questions please immediately email student_affairs@nu.edu.kz

## DO's

1. Comply the Dormitory Rules and Student Code of Conduct
2. Use the University property with care
3. Reimburse all broken property
4. Comply with fire safety measures
5. Maintain cleanliness and order, conduct wet cleaning in the rooms, and keep the dormitory public spaces in clean condition
6. Pay your accommodation fees a semester ahead in accordance with the academic plan for the year
7. Use the services in accordance with the rated prices
8. Efficiently use electricity and water in the dormitory
9. Comply with ethical and moral norms in relation to others, and not allow acts of rudeness or disrespect towards the rights and interests of others
10. Allow regular access to your room by the Student Affairs and Dormitory Administration for regular inspection or repairment

## DON'T's

1. Categorically transfer the Student ID-Card to another person
2. Swap rooms without written approval of the Student Affairs, and do not move furniture, inventory and equipment from one person/room to another without written authorization of the Dormitory Administration
3. Possess and use firearms, knives, harmful weapons, ammunition, flammable, explosive, or toxic agents and any other items and materials in the dormitory, which may cause substantial harm to the health and safety of others living in the dormitory
4. Possess and use alcoholic beverages, illegal drugs or other substances prohibited by the legislation of the Republic of Kazakhstan
5. Give room keys/room access codes to others or make duplicate keys/share access codes
6. Consume tobacco and other smoke merchandise regardless of the use device (cigarettes, pipes, hookah) in the dormitory and on the territory of the university
7. Appear in the dormitory under the influence of intoxicants (in a state of alcoholic, narcotic and other toxic intoxication)
8. Keep pets in the dormitory (cats, dogs, fish, birds, etc.)
9. Use electrical heating devices in the rooms
10. Make excessive noise between 11:00 PM and 7:00 AM, including the use of TV sets, radios, stereos and other amplified devices, to play musical instruments, sing, shout or to conduct other actions that disturb the peace and quiet time of other residents
11. Store any vehicles in student rooms

# POLICIES AND PROCEDURES A TO Z

### Academic policies & procedures

These Academic policies & procedures (hereinafter – the APP) is designed for NU undergraduate program students. The APP are to be construed in conjunction with Charter of NU and other internal regulations including but not limited to the Student Code of Conduct and NU Admissions regulations. The APP set minimum standards for NU student; Schools may add additional requirements and standards. For more information please visit NU Student Portal -> Students -> Regulation & Policies.

### Alcohol

According to the Rules of Accommodation in the Dormitories of Nazarbayev University, it is restricted to possess and use alcoholic beverages, illegal drugs or other substances in the territory of the Nazarbayev University.

### Animals

It is highly prohibited to keep animals (cats, dogs, fish, birds, etc.) in the dormitory. Residents found with animals in their rooms must remove animals immediately.

### Appliances

Few block residents are able to use kitchen appliances. The Residents are expected to keep the kitchen appliances in good and clean condition. If problems arise with any of the kitchen appliances, the resident must contact the receptionist at the reception.

### Non-permissible Appliances/Electronics

The following items are not allowed in the dormitories:

- Air-conditioning units;
- Candle warmers;
- Ceiling fans that are not already installed;
- Dishwashers that are not already installed;
- Room heaters;
- Toasters, convection toaster ovens, or any appliance with an exposed heating element;
- Refrigerators (each floor has one);
- Microwaves.

### Bicycles

There is a bicycle parking offered in the territory of Nazarbayev University. The front area of living blocks is equipped with a bicycle parking racks. At the end of the semester, please remember to take your bicycle with you. Bicycles found on the racks after the end of the semester are to be confiscated. The limited storage for bicycles will be provided in the winter period.

### Check-In/Check-Out Procedures

Procedures of checking-in and checking-out accomplished Upon thorough inspection of the block manager. All residents must properly check-in and check-out of the dormitory. Check-in occurs when the resident takes up a key and check in in the presence of the block manager. There are few procedures to follow before checking in. Residents get to know the procedure before their official check-in/checkout announcement.

### Cooking

Cooking is limited to a certain blocks. Usually foundation students are not able to cook as their place of living has no kitchen. However, the floors of the blocks are equipped with refrigerators.

### Psychological Counseling Center (PCC)

PCC provides confidential and free psychological support to undergraduate and graduate students of Nazarbayev University. PCC staff conducts individual and group sessions as well as training sessions.
Please find more details in “Campus facilities” section.

### Cheating

According to the NU Student Code of Conduct cheating is prohibited and punishable and is considered as an academic misconduct. Cheating case always ends up with disciplinary panel meeting and could lead student to expulsion from the University.

### Curfew

According to the Code of the Republic of Kazakhstan «On Administrative Offenses» it is illegal to be outdoor after 23:00 and in Amusement/entertainment establishments after 22:00 if you still under legal age (18+). Violation will be prosecuted and parents will pay a fine of 15 MCI.

### Dining Services

All students have options to be enrolled at Student Meal-Plan or to cook by themselves (except Foundation students). There are several canteens available for residents of dormitories.
For more details, please see the “Campus facilities” section.

### Distribution of Advertisements

Only university departments and NU registered student Organization may present items to be posted within the dormitories. If a student organization would like to present items for posting, those items must be brought to the DSA office at 1112 for review and approval. The name of the student organization must present on the advertisement.

### E-mail

The Department of Students Affairs (DSA) utilizes the NU email system to communicate with the students. All students are responsible for all material sent to NU e-mail account by the DSA, and should check at least once every 24 hours.

### Facility Registration

The facility registration in the dormitories is available by writing a request letter to a campus manager. The reservations must be done 2 days in advance. The request template is available at the reception of each block.

### Furniture

All rooms have beds, desks and closet space. Room dimensions vary according to the block. The space is limited and bringing the extra furniture is strongly prohibited. Be careful at moving the items in the room as you are the only responsible person for its condition upon your check out. In addition, it is highly prohibited to move the furniture or other items in the kitchen, halls and atriums.

### Guests & Guest Visitation

The privilege to have guests in the dormitories is based upon the mutual respect of the roommates. It is expected that students who live in shared rooms will be respectful and courteous to one another, communicate with one another, and show willingness to compromise.
The guests will be asked to leave if the dormitory staff notices the violation of the rules according to dormitory rules. Guests may visit students during the week and weekends at this time:
Guest Visitation Hours 8:00 AM until 10:00 PM (weekdays and weekends).

### Harassment

Activity that is threatening in nature or any form of harassment is prohibited. This can include, but not limited to: posting or distributing material and/or behaving in a manner that is offensive and may contribute to a hostile environment. Any resident who witnesses or experiences harassment in NU dormitories should file a report with a staff member of the DSA. The residential filing a report may elect to keep his/her identity confidential.

### Keys & Locks

For the safety of yourself, your roommate, and your personal belongings, we urge residents to lock the doors to their rooms when not present. Students are not permitted to install their own locks in their dormitory rooms.

### Laundry Facilities

At the beginning of the semester students have to pay for the laundry services for the term in advance. Each block has its own schedule of receiving and passing the bed inventories. The DSA will inform students about the schedules and unexpected circumstances if such present.

### Littering

Please help us maintain clean and well maintained facilities. Residents and visitors to the residence halls and apartments are asked to keep hallways, public areas, stairwells, and landscaping clean and free of trash.

### Maintenance

The dormitory staff (USM) provides safety equipment inspections, general maintenance (painting, plumbing, electrical maintenance, and carpentry). The USM staff members clean all public areas of residence halls and apartments, including lobbies, hall and suite bathrooms, corridors, study rooms, kitchens, and laundry rooms.

However, you are responsible for cleaning your own room. If you have maintenance needs or damages, report them to the reception. If emergency repair work is needed after 4 p.m. on weekdays or anytime on weekends, consult the front desk.

### Medical Service

The medical office provides the first medical emergency service 24 hours, 7 days a week. Please find more details on “Campus facilities” section.

### Noise & Quiet Hours

The Department of Student Affairs supports the mission of NU and in those efforts aims to create academically supportive environments for all residents. As a resident, you may be asked by other residents or staff to adjust the volume of your activities to reduce the disturbance to other members of the dormitory. Please be considerate and flexible.

It is prohibited make excessive noise between 11:00 PM and 7:00 AM.

### Parking

Parking in the NU territory allowed only for those who do not have a room in the dormitory. Parking spaces are limited and it spread equally among the applicants.

### Plagiarism

According to the NU Student Code of Conduct plagiarism is prohibited and punishable and is considered as an academic misconduct. Plagiarism case always ends up with disciplinary panel meeting and could lead student to expulsion from the University.

### Room Changes

Room changes without prior notice and permission of the DSA is prohibited and may lead to an immediate eviction from the dormitory. Students allowed changing a roommate or room upon its availability once in 6 months.

### Room Entry by Staff

The DSA staff members make every reasonable effort to respect your privacy. There are times, however, when authorized personnel may enter your room. This occurs under the following circumstances:

- When either you or your roommate provide permission when there is an immediate threat, or reason to believe that there is a threat, to the health and/or safety of residents or property.
- When it is necessary to preserve campus order, security, or discipline.
- During fire drills, alarms, or severe weather evacuations for purposes of routine maintenance repairs or inspections.
- To conduct semester health and safety inspections after receiving at least 24-hour notice.
- To conduct end of the semester room inspections.
- To conduct room inspections after a resident moves out of a space.

Maintenance staff members will enter rooms to make requested or needed repairs when needed. The Department of Student Affairs may conduct periodic unannounced safety inspections of your room to ensure that fire-safety equipment is operational and those smoke detectors have not been covered or disengaged. If you have reason to believe that your room has been entered, inspected, or searched under conditions not consistent with the above statements, contact your RA and/or the block manager.

### Safety Equipment

Safety equipment including sprinklers, smoke detectors, heat sensors, fire exit signs, fire extinguishers, pull stations, hoses, alarm bells, and any other safety equipment is necessary to safeguard residents. Activating, handling, using, or interfering with any fire or safety equipment for any reason other than an emergency is prohibited at all times. Examples include but are not limited to discharging fire extinguishers, touching fire alarm pull stations or fire hoses, hanging objects from sprinkler heads, tampering with EXIT signs, or striking safety equipment with an object.

### Tobacco

To support the rights of all residents and in compliance with university policy, residential communities are tobacco-free, including traditional legal substances as well as smokeless tobacco and e-cigarettes (electronic cigarettes). The use of tobacco products is prohibited in both individual rooms and in public areas within the halls and apartments. The use of tobacco and tobacco related items is also prohibited on campus. Students must move to off-campus locations or a personal vehicle with closed windows for the use and storage of tobacco products.

### Vandalism

According to the NU Student Code of Conduct vandalism is prohibited and punishable and is considered as an non-academic misconduct. Vandalism case always ends up with disciplinary panel meeting and could lead student to expulsion from the University. All financial expenses occurred to fix the facility will be covered by student committed vandalism.

### Weapons

Possession of firearms (including but not limited to air pistols, BB guns, and paint guns), facsimile weapons, ammunition, explosives, fireworks, knives (other than kitchen utensils), or dangerous weapons is prohibited in the residence halls and apartments and may result in immediate termination of a resident's housing contract. Disciplinary action will also be taken by the university.

## Please send all maintenance requests to:

servicedesk@nu.edu.kz Payment at Block 23, office #096, weekdays from 14.00 to 17.00. Credit cards only.

## In case of emergency dial 70-62-62

- Report any unusual or suspicious activity you witness. If you witness a crime, be prepared to provide a full description.
- Lock the door to your room, even if you are in the room.
- Avoid walking or running alone at night.
- Avoid using distracting technology such as smart phones, MP3 players, or anything else that will decrease the awareness of your surroundings.
- Do not display valuables (cash) openly.
- Be cautious around ATM machines.

## IF YOU ARE VICTIMIZED

- Remain calm. Try not to panic.
- Call the police 102 or Campus Emergency hot line immediately (see below).
- Get a description of the suspect.
- Note the person's sex, age, height, weight, race, hair, eye color, glasses type, tattoos, scars or marks, and complexion. Also note the person's clothing in as much detail as possible.
- If a vehicle was used, note the license plate number, model, color of vehicle, as well as direction of travel.

# MEDICAL SERVICES

All NU students need to be registered at University Health Center (UHC) to receive primary health care (PHC) services in accordance with the Guaranteed Volume of Free Medical Care (GVFMC) and the health insurance services provided for both international and local students ensured in the insurance companies.

UHC is located on the campus on the Block 24-25 (Student Dormitory) ground floor. You can access UHC by walking through (1) the skywalk to Blocks 22-25 from Atrium and (2) the entrances to Blocks 22 and 24 from the outside (walking in from the Kabanbay-batyr Avenue side).

The UHC receptionist is available at phone **+7 (7172) 69-26-16** for clarification of additional details.

**UHC Working hours:**
Monday-Friday 8 am – 8 pm
Saturday 9 am – 1 pm

After UHC working hours, if urgent medical service needed, the Medical Office in Block 19, office 19201 functions.

**Working hours of Medical Office (Block 19):**
Monday–Friday 8 pm–8 am
Saturday 1pm – 8 am
Sundays and on public holidays 24-hour service.

**Medical office in Sports center**
Working hours: 06:00 PM-10:00 PM

## MEDICAL INSURANCE

Voluntary Health Insurance (VHI) program services for the NU students are provided by the health insurance company Sinoasia B&R. All insured students can obtain medical services at UHC and in the net of health clinics and hospitals in other cities of Kazakhstan as detailed in the insurance program.

All the details on the programs and contacts will be sent to the ensured students accordingly.

To visit a health insurance coordinator and other specialists you need to present your personal health insurance card and state identity card.

If you call 103, please do not forget to inform your medical coordinator (Medical office or coordinator in Astana) for the further monitoring and assistance in your treatment.

**"Sinoasia B&R" Call center is indicated on medical plastic insurance cards:**

99-95-95, 99-96- 56, 49-96-96

**Working hours:**
Monday-Friday 08:00 AM- 08:00 PM;
Saturday 09:00 AM- 05:00 PM;
After working hours or on Sundays and on holidays, please contact:
8-800-080-5252, 8 (7272) 260-06-99; 2828 for Kcell/Activ;

**Astana city coordinator number:**
+7 701 741 81 07

## ANNUAL MEDICAL CHECK-UP

All newly enrolled students, as well as current students, must undergo a special medical check-up at Sinoasia B&R. All the details about logistics will be sent to you via e-mail. This medical check-up is aimed at providing a full medical examination of students to identify various diseases at the earlier stages and provide appropriate treatment.

## MEDICAL CERTIFICATE ISSUANCE

If you have missed classes due to health issues, you need to provide appropriate medical certificates/notes (spravka) to the school administration. Medical certificates issued by Medical office are considered to be eligible. Certificates issued by the other medical institutions must be certified by the UHC Medical office, no later than 3 days after the issuance.

**Please note:** if there are any issues or specifications about your health condition (any speech problems, hearing/vision problems) school administration or therapists should know, please let us know. You are welcome to see your school manager or manager of the Department of Student Affairs.

PHC services are provided free of charge according to the GVFMC and include the following:

- Diagnosis and treatment of most common diseases, as well as injuries, poisoning, and other urgent conditions;
- Protection of the family, maternity, paternity and childhood, including family planning;
- Preventive measures and risk factor identification;
- Health screening for early detection of diseases;
- Raising awareness on the most common pathologic conditions and healthy life style promotion;
- Hygienic training and outreach work on safe water supply and rational nutrition of the population;
- Sanitary and anti-epidemic and sanitary-preventive measures in the foci of infectious diseases;
- Social and psychological services.

Moreover, the NU students who are traveling abroad for their studies may access UHC to complete the health forms with details of their vaccination and other health related information. The examinations requested by a hosting university which are not provided as per GVFMC shall be paid additionally.

For ease of access for the NU community, the following health services are available at the UHC as of May 2018:

- Consultations by general practitioners, therapists, pediatricians and specialists: cardiologist, neurologist, ophthalmologist, otorhinolaryngologist (ENT-doctor), surgeon, obstetrician-gynecologist (Ob-Gyn), allergist;
- Diagnostics: broad spectrums of lab tests, including PCR, microbiology; ultrasound (abdomen, kidney, gynecology, vessels, heart); treadmill test; electrocardiography (ECG); Holter monitoring; ambulatory blood pressure monitoring (ABPM); spirography; audiometry; eye examinations; fluorography (arranged through a fluromobile or referral to Republican Diagnostic Center (RDC), UMC);
- Issuance of medical certificates/notes (spravka) after relevant examinations;
- Procedures prescribed by the physicians: minor surgical procedures, injections and infusions;
- Massage;
- Medical check-ups with provision of the following forms:
  - Pre-employment/enrolment examination (Form 086-u)
  - Check-ups for studying abroad (Form 082) (e.g. requirement of Bolashak program)
  - Personal medical records.

Additionally, UHC is in the process of arranging for the NU students and employees the mandatory medical check-ups to minimize the time required for this process.

For further information on any of the above issues or general health and safety issues, the students may contact the representatives from the Health and Safety Department via email health@nu.edu.kz, hse@nu.edu, University Health Center at uhc@nu.edu.kz and Department of Student Affairs at dsa@nu.edu.kz

## STUDENT GOVERNMENT

Dear NUFYP students!

Once again welcome to our alma mater – Nazarbayev University!

Student Government is a student organization established for development and improvement of the university and NU community itself. We deal with the students' rights, obligations, leisure, sport life, and many other aspects and provide support for every NU student. Our SG acts on behalf of students and advocates for changes that are going to significantly impact your lives.

## Who is our leader?

The President of NU Student Government is **Leila Akhmetova**.

l.akhmetova@nu.edu.kz
+7 701 561 0250

She is going to officially represent you and the whole student body of NU during this academic year.

**Her main responsivities:**

- Leading SG in a way of university improvement;
- Managing the work of SG ministries;
- Organizing the meetings and establishing the relations between NU students and other structural divisions of the university;
- Creating diplomatic interconnections;
- Creating and modifying strategies of NU student community;
- Making sure that your voice is always heard and taken into consideration.

## How and why do we work?

Student Government consists of Ministries that are responsible for development of certain aspects of our students' lives. Since Leila was elected at the end of the last academic year, she is going to build and expand the cabinet of ministers and SG as a whole at the beginning of this 2018-2019 year. So that you have a great chance to become a significant part of Student Government and NU community almost right now!

Let us give you more information about our Ministries and their work.

## Ministry of Culture

ministry.culture@nu.edu.kz

Life does not solely consist of endless studies: music, art, theatre, poetry make it rich and interesting. That is the work of Ministry of Culture: integrating fine arts and entertainment into everyday routine.

Organization of concerts, balls, public talks, exhibitions and performances, socializing with numerous and bright art clubs, inspiration from the universal idea that "Earth without art is just eh". Working with your hand on the pulse of the university life - that is how it feels. Being able to inspire, think broadly and lead people - that is what you get.

We do hope that with our help you will reveal your hidden potential, develop your talents in new areas and raise your cultural consciousness.

We wish you good luck in the upcoming academic year!

## Ministry of Education

ministry.education@nu.edu.kz

This is the place where you can realize your potential as an active representative of the student body, show and advocate your position regarding academic questions of NU and change our studies and academic part of our lives to an even better level.

Working on different projects, taking part at various meetings of academic committees with the participation of School Deans, Provost and University managers, each Ministry member has a chance to advance her communication, organization and negotiation skills.

Our team always tries to make sure that there is a mutual understanding between students and Faculty administration of NU. Ministry of Education is one of the most important places to be, designed for real leaders and those who want to leave their contribution to the University student life.

## Ministry of External Affairs

ministry.external@nu.edu.kz

Our ministry represents NU Student Government and works on academic, non-academic improvement of the relationships between NU community and other universities, external organizations as well as companies that seek NU students for the employment.

We are trying to improve students' experience in academic and cultural exchange programs, and internships. Ministry of External Affairs advocates on behalf of the NU to bring changes in student life, international cooperation and community relations via engagement in various projects and establishment of partnerships.

Together with that, we tightly work with our Carrier and Advising Center (CAC) to develop students' abilities to be competitive on the job market.

## Ministry of Finance

sfbcmembers@nu.edu.kz

Our ministry is primarily intended to develop financial literacy among NU students by working with such clubs as NU Accounting and Auditing Club, NU Finance Society, NU Case Club, NU Business Club, NU Economic Leaders Society and others.

Along with that we are going to improve the "Work on Campus" project designed and approved last year by CAC together with SG.

Since our Minister is also the Chairman of Student Fund Budget Committee, we will tightly work with Student Fund and their members. Coordinating the performance of its duties, collection of its statistics and presenting it to our students will be included to our responsivities as well.

## Ministry of Justice and Security

ministry.justice@nu.edu.kz

This ministry is not about just criticizing people or circumstances when facing or observing injustice, it is about real actions and measures that are taken in order to affect and eradicate that unfairness. Never missing a single request for help, we mediate between students and University administration in resolving legal conflicts.

By increasing students' legal literacy, protecting their interests in controversial situations, we are helping our student body as Student Rights Committee and are always open for your direct questions and concerns, which may include issues with life in the dormitory, academic field, disciplinary misconducts, etc.

You can contact us any time using our VK page (vk.com/studentsrights), ask.fm account (ask.fm/Studentsrights), or corporate mail (ministry.justice@nu.edu.kz).

And always remember that we are on your side.

## Ministry of Media and Communication

We know today's main rule: "If it's not on Instagram - it didn't happen", which is why our ministry sets a goal of making SG work transparent and available to all students.

Throughout the past year we have significantly shaped the way university perceives the Student Government, as we tried to invade their lives with our weekly progress reports, monthly open meetings and semi-funny semester report videos.

We made friends, contributed to university life, added cool Instagram designs, were inspired to learn and make real #SGImpACT (check it out!).

## Ministry of Research and Innovation

ministry.innovations@nu.edu.kz

Nazarbayev University was initially proposed as a research university, which can provide innovational solutions for ordinary people and industry. So, the main goal of our ministry is to develop and improve the research environment in NU.

We are working on the gaining access to the world-famous projects and universities and creating of absolutely all necessary conditions for our students' research activities. If you are going to work in laboratories, write research papers or take part participate in various conferences, then you will most likely become interested in our ministry's work. Since we are actively trying to make sure that our students are provided with high-tech labs, opportunities to present their papers on international contests and conferences, support from professors and financial support of their scientific works.

But what is most important is to create the atmosphere where really talented researchers could realize their potential and ideas that can change the world.

## Ministry of Sport and Health

ministry.sport@nu.edu.kz

Ministry of Sports and Health is the team of students who really cares about you staying fit and healthy while having intensive studies. Got tired from you papers and exams? Want to do something new and have fun? It is our responsibility to do so for you, dear student.

The ministry of sports is when you:

- acquire new experience in organizing sports events
- inspire other students and professors to keen on sports
- everybody respects you in a gym
- participate at and organize sports events weekly
- improve your communication skills
- build your network every day
- promote and develop the interests and skills of NU community members.

**That is all for now!**
**Once again congratulations on being admitted to the best University ever!**

**Stay in touch and contact us anytime via:**

Implementation of student ideas and projects is available via Student Fund resources, created to raise funds for the development and support students life and funding student activities by the means received.

## HOW TO CONTRIBUTE TO THE DEVELOPMENT OF STUDENT LIFE?

**University Student fund is transferred ONLY through the personal account on the web site www.my.nu.edu.kz**

The minimum amount of the student contribution, which is approved annually by the University Student Government decision in consultation with the Department of Student Affairs, for 2018-2019 academic year payment per semester is 3,500 (three thousand five hundred) KZT for undergraduate and graduate programs students; 5000 (five thousand) KZT for NUFYP students (per semester).

To implement the contribution you can use the E-Pay system. To do this, click the button “My Account” in your personal account. In the section “Student fund” press the “Pay Off” button and follow the instructions on the website.

You can also find all the additional information on the Student Fund’s VK page: vk.com/student_f

# STUDENTS' FINANCE & FUNDING

## ABOUT BURSAR'S OFFICE

The main task of the Bursar's Office is to monitor and control financial transactions between the University and all students including those of the foundation, undergraduate and graduate programs. Our office oversees the payments of the stipends, student travel expenses, tuition fees and other services provided to the students.

## THE "NAZARBAYEV UNIVERSITY" STIPEND

The "Nazarbayev University" stipend is awarded to students studying under the "Nazarbayev University" educational grant, in accordance with the procedures established by the Regulations on stipend support provision to the students of the autonomous organization of education "Nazarbayev University" approved by the Managing Council.

The amount of the "Nazarbayev University" stipend is determined by the Government of the Republic of Kazakhstan in accordance with the legislation of the Republic of Kazakhstan.

The "Nazarbayev University" stipend is awarded to foundation students and doctoral students for the whole period of study and is paid on a monthly basis.

During the first semester of study the "Nazarbayev University" stipend is awarded to bachelor and master students unconditionally and is paid on a monthly basis.

In the following semesters, the "Nazarbayev University" stipend is awarded to bachelor and master students by the results of the examination session in accordance with criteria for awarding and paying the "Nazarbayev University" stipend presented in the Regulations, and is paid monthly.

**Useful contacts:** Bursar's office, Block C2, 5th floor, Office#5009
Phone: + 7 (7172) 706 620, 706 032, 706 086, 709 027
E-mail: bursars_office@nu.edu.kz

| PhD | School of Engineering, PE "NUGSE" | For the whole period | Stipend for PhD students – 81 998 tenge |

## THE STIPEND OF THE PRESIDENT OF THE REPUBLIC OF KAZAKHSTAN

The Stipend of the President of the Republic of Kazakhstan is awarded for to bachelor students starting from 3rd year and master students starting from 2nd year with "excellent" grades (A, A-), who study either on the basis of the Nazarbayev University educational grant or on a paid basis. The Stipend of the President of the Republic of Kazakhstan is paid out of the republican budget funds in the amount and manner established by the legislation of the Republic of Kazakhstan.

The Stipend of the President of the Republic of Kazakhstan is awarded by the decision of the President of the University, on the basis of the Stipend Committee recommendations and approval of the Academic Council of the University.

For details of Regulations on stipend support provision refer to Student Portal (Regulations and policies/Students at http://my.nu.edu.kz)

## ISIC CARD

Please keep track of the expiration date of your card, and timely re-issue it at the appointed branch of Halyk bank of Kazakhstan. Please have your photo 5*6 format, your Student ID and State ID with you.

In case your IBAN (International Bank Account Number) changed, you are required to provide the active IBAN number to the Bursar's Office to ensure timely payments and transactions.

**Local ISIC card issuing bank**:

Halyk Bank of Kazakhstan,
(branch #119983)

62, Kabanbay Batyr Avenue (1st floor)
Tel: +7 (7172) 69 40 00
MEGA Silk Way, Astana, Kazakhstan

## MY ACCOUNT

"My Account" information service provides an opportunity to students to make payments online for services provided by the University and its organizations.

To work with this system students are required to authorize on the portal my.nu.edu.kz

# SPORTS LIFE

Nazarbayev University provides an opportunity for students to compete in intramural leagues, championships and tournaments throughout academic year. We run events for all and each: men's, women's, coed and staff/faculty. To register for competitions go to www.imleagues.com and sign up, choosing Nazarbayev University through the search tool. It's simple, and will only take you minutes to do, and you can even sign up through your Facebook account!

Once registered, team captains then "invite" (through an IMLeagues generated email request) their team members to participate. All team members MUST have a registered account within IMLeagues.com to participate. NO EXCEPTIONS.

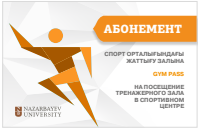
## RECREATIONAL SPORTS

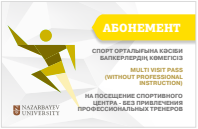
Recreational Sports at NU others a range of opportunities in sports:

- classes and gyms;
- intramural sports;
- club sports;
- exposure to professional athletes and other sports events

## CLASSES & GYMS

NU others group training options in Sports Classes and open gym sessions. These classes are instructed by certified and experienced coaches and instructors, current and past professional athletes. Our gym instructors support your workouts with expertise by advice or in “one-on-one” mode via personal training.





## HOW TO BUY A SPORTS PASS?

- Check with coach for space availability;
- Pay for your Pass (card only) through online billing system;

**NUID required for purchase.**

For Sports Passes call Sports Center concierge at 70-57-21
or E-mail: sportscenterdesk@nu.edu.kz

## OUTDOOR SPORTS FIELDS

NU also maintains 8 no-fee outdoor sports felds for basketball, football, volleyball, and tennis open for shared use to NU community.

Sports Center assists 21 sports-interest NU Students Clubs in their activities

1. BeastMode Street Workout club
2. NU BJJ&Grappling club (for gentlemen)
3. NU Jiu-Jitsu Ladies Club
4. NU Flag Football
5. Tennis Club
6. Fencing Club
7. Taekwondo Club
8. NU Aikido Club
9. Nine Q (Togyzkumalak)
10. Women’s Football Club
11. NU Gym
12. NU Chess Club
13. NU Yoga Club
14. NU MMA Club
15. Badminton Club
16. NU Rugby Club
17. NU Gymnastics Club
18. NU American Football Club
19. Boxing Club
20. Judo Club
21. Legion Club

## INTERCOLLEGIATE SPORTS

NU has 9 Sports Teams that represent the University in sports competitions at intercollegiate and amateur levels. Each team has its own recruiting period when coaches run try-outs and select players for the season. Each try-out will be announced separately.

| | | | |
|---|---|---|---|
| 1 | Basketball (m) | Vitaly Maksimeiko | Magzhan Atykhan |
