 Korea Eximbank
THE EXPORT-IMPORT BANK OF KOREA

 kotra
Korea Trade-Investment Promotion Agency

Letter of Invitation

It is our pleasure to invite you to the 「2022 Knowledge Sharing Program Dissemination Conference」, held at Shilla Hotel, Seoul on September 8, 2022.

Since 2004, the Ministry of Economy and Finance (MOEF) of Korea has carried out the 『Knowledge Sharing Program (KSP)』 designed to share Korea's development experience and to provide customized policy consultations to partner countries.

'KSP Dissemination Conference' has acted as a platform to share KSP outcomes and exchange insights on the global agenda among various stakeholders, including governments, academia and businesses.

In particular, this year's conference will explore the role of KSP to achieve sustainable development in the era of uncertainty with new challenges such as global economic instability and climate change. For this purpose, Professor Daron Acemoglu of MIT has been invited as the keynote speaker to share his keen insights, and our partners and experts will join the conference to seek new ways for KSP to become a foundation for a sustainable future.

Also, in order to support attendance from all over the world, the upcoming conference will be held in a hybrid format, with delegates attending on site and as well as online.

We look forward to your participation and support.

Deputy Prime Minister and Minister of Economy and Finance
Choo Kyung-ho
