

How to Use Auto Clean Net System

What is Auto Clean Net?

It is a high-tech system which uses an pressure to suck garbage to the "Automated Clean Net Center" through the anderground pipe.

Garbage from Sejong City

is collected through an underground pipe at the speed of 20 m per sec by using the Auto Clean Net System.

General Waste ONLY

KDI School dormitory residents will only use 20L of general waste inlets for general waste.

-General Waste

Usually for landfill or incineration items which is basically almost everything that you would normally use at home but can't put it in either your recycling bin or food waste bin. (tissues, etc.)

<How to Use the General Waste Inlet Machine>

1 Check the lamp sign.

This should be green.

2 Tag the card hanging on the inlet.

Place the card here.

3 The inlet will open after the audio guidance.

4 Place your garbage bag inside.

5 Close the inlet by tagging the card.

Place the card here.

<Guidelines for First User>

Location

- Located next to the dormitory building 102 on the right side.
- Three general inlet machines of 20L will only be used for general waste.

Garbage Disposal Bags

- You MUST use a garbage disposal bag only and it can be purchased at KDI GS25, Homeplus, E-mart, etc.
- One bag costs KRW 170 for 10L and KRW 340 for 20L.

Food waste

- Food waste goes to the dormitory kitchen. (Building 102, 6th floor / Building 101, 5th floor)

Recycling Items & Large Sized Garbage

- Recycling items and large-sized garbage should NOT go into the inlet. It must be placed into recycling areas.

Prohibited Items

- Rocks, chemicals, gas, industrial and architectural remnants, etc.

※Several CCTV cameras will be recording around the garbage disposal areas. If caught disposing a garbage without a garbage disposal bag or putting inappropriate items, a fine may be charged or you may be asked to leave the dormitory.

Recyclable Items

PAPERS

Books, newspapers, paper cups, paper bags, boxes, dairy and juice cartons, etc.

CANS

Metals, metal cans, aluminum cans, etc.

GLASS

Food and beverage glass, etc.

Plastics

PET plastic (Plastic cups, toothpaste, plastic containers, pens, etc.)

Plastic Bags

Any type of plastic vinyl bag (snack, ice cream, bread, etc.)

Clothes

Old Clothes, socks, etc.

REUSE, REDUCE, RECYCLE !!

REUSE products for the same purpose in different ways

REDUCE the amount of general waste

RECYCLE as much as possible

SAVE THE EARTH

Spend less money on garbage disposal bags!
