Contact in the University's International Office, Claire Freeston

안녕하세요! I studied BA History at Leeds, graduating in 2009.

Since, I have worked for the International Office and am currently the East Asia Manager there – my role includes looking after our links and students in South Korea. I am also a Warden at one of the University's Halls of Residence, and have lived in the city of Leeds for 11 years. We're proud to welcome many Korean students each year to study with us, and of our growing Alumni network (LAKA) in Korea. Please do let us know if you have any questions at all – and we look forward to welcoming you to the UK and to our campus.

President of LAKA (Leeds Alumni in Korea Association), Lucy

Hello, I studied BSc Sport and Exercise Sciences at Leeds (2011-2015) and awarded a Master degree in Brain and Cognitive Sciences from Seoul National University. I had worked for an IT company offering brain developing sports program for children. If you have any questions, please feel free to contact me.

Vice-President of LAKA (Leeds Alumni in Korea Association), Dr Kiwoong Nam

Hello, I'm Kiwoong from South Korea. I was awarded a PhD in Design from Leeds in 2016 and returned to Korea in 2017. I had worked for a global manufacturing company and studied MBA at Aalto University. My passion for design management led me to pursue a PhD and I enjoyed everything in Leeds. I started my career as a quality engineer but now, I'm working in a service consulting firm. Because I have a quite dynamic career experience (from manufacturing to the service industry), I do welcome any question about developing a career. Additionally, I lived in Leeds with my wife and two daughters. If anyone wants to bring their family to Leeds, please contact me via e-mail. My Leeds days are the most memorable moments in my life and Leeds will be always in my heart. I would love to hear your thoughts, expectations and of course, questions about Leeds.

Recent alumni from the School of Design at Leeds, HeeSu Lee

Hello from London! I studied the International Foundation Year in Design (2015-2016) and BA Art & Design (2016-2019) at Leeds and am now completing my Masters degree in London. After I quit my very first university in Korea, I started my whole new academic life at University of Leeds. I'm currently working on my dissertation project for my MA Design Strategy & Innovation degree. Since I've spent six years in England, if you have any questions on Design related studies, Leeds or life in the U.K., please feel free to contact me.
